**FOR IMMEDIATE RELEASE**  
**May 17, 2022**

## **DAILY LANE CLOSURES SCHEDULED TO BEGIN THIS WEEK ON GRAND AVENUE UNDER THE TRI-STATE TOLLWAY (I-294) NEAR FRANKLIN PARK**

*Daily lane closures needed through May for bridge reconstruction work*

**DOWNERS GROVE, IL** – Daily lane closures are scheduled to begin tomorrow, May 18, and continue through the end of the month on Grand Avenue underneath the Tri-State Tollway (I-294) near Franklin Park for bridge reconstruction and widening on the Central Tri-State Tollway (I-294). Delays are expected.

Construction signage will be put in place in advance to alert drivers. Lane closures are necessary to safely provide a work zone and accommodate traffic. Up-to-date closure information will be posted on the Tollway website in the [Daily Construction Alert](#). All work is weather dependent.

Beginning Wednesday, May 18, between 9 a.m. and 3 p.m. traffic on Grand Avenue will be reduced by a single lane in both directions under I-294. Two lanes will remain open at all times. The daily closures are scheduled to continue through May 31. Additional closures will be scheduled as needed this summer and for the bridge beam placement.

Construction in this area is being coordinated with the Illinois Department of Transportation, Cook County, DuPage County, the City of Elmhurst, the City of Northlake and the Village of Franklin Park, as well as local fire and police departments.

Construction updates, project information, maps and detour information for work that is part of the Central Tri-State Tollway (I-294) Project are available in the Projects section on the Tollway's website at [www.illinoistollway.com](http://www.illinoistollway.com).

Reconstruction and widening work on the Central Tri-State Tollway between Balmoral Avenue and St. Charles Road began in June 2018 and is scheduled to be complete by the end of 2024. Work in this northern section of the Central Tri-State includes repairing, resurfacing and widening I-294 between Balmoral Avenue and St. Charles Road along with improvements to medians, bridges and ramps, as well as reconstructing the inside shoulders to include Flex Lanes.

Work in this section also includes construction of the new I-490/I-294 Interchange with two new ramp bridges that will provide access for the new I-490 Tollway and a new southbound exit ramp from I-294 to County Line Road between Grand Avenue and North Avenue. Improvements as part of this project also include guardrail, drainage, lighting and signage installation, as well as landscaping improvements.

The \$4 billion Central Tri-State Tollway (I-294) Project is reconstructing and widening the roadway between Balmoral Avenue and 95<sup>th</sup> Street to provide congestion relief, update old infrastructure to meet current and future transportation demand and address regional needs. This work is part of the Tollway's 15-year, \$14 billion capital program, *Move Illinois: The Illinois Tollway Driving the Future*. More than 220,000 vehicles use the Central Tri-State Tollway daily.

### **Work Zone Safety**

Construction zone speed limits are in effect in all construction zones 24/7 and drivers should continue to watch for changing traffic patterns and use caution, especially when workers are present.

The Illinois Tollway reminds motorists that the “Move Over Law” requires motorists to change lanes or to slow down and proceed with caution when passing any vehicle on the side of the road with hazard lights activated. If you see flashing lights ahead, please move over or slow down.

Illinois State Police have zero tolerance for drivers speeding in work zones or failure to comply with the Move Over Law. The minimum penalty for speeding in a work zone is \$250 with up to a \$25,000 fine and a 14-year jail sentence for hitting a roadway worker. Penalties for failure to slow down or move over for a vehicle on the shoulder with flashing lights includes up to a \$10,000 fine, 2-year suspension of driving privileges and jail time, in extreme cases.

### **About *Move Illinois***

The Illinois Tollway’s 15-year, \$14 billion capital program, *Move Illinois: The Illinois Tollway Driving the Future*, is improving mobility, relieving congestion, reducing pollution, creating as many as 120,000 jobs and linking economies throughout the region. The first 10 years of *Move Illinois* is on schedule and within budget, delivering the rebuilt and widened Jane Addams Memorial Tollway (I-90) as a state-of-the-art 21<sup>st</sup> century corridor and opening a new interchange connecting the Tri-State Tollway (I-294) to I-57. Progress continues on projects addressing the remaining needs of the existing Tollway system, delivering the Elgin O’Hare Western Access Project and reconstruction of the Central Tri-State Tollway (I-294).

### **About the Illinois Tollway**

The Illinois Tollway is a user-fee system that receives no state or federal funds for maintenance and operations. The agency maintains and operates 294 miles of roadways in 12 counties in Northern Illinois, including the Reagan Memorial Tollway (I-88), the Veterans Memorial Tollway (I-355), the Jane Addams Memorial Tollway (I-90), the Tri-State Tollway (I-94/I-294/I-80) and the Illinois Route 390 Tollway.
