OVERNIGHT CLOSURE AND DETOUR SCHEDULED AT THE ILLINOIS ROUTE 59 INTERCHANGE ON THE JANE ADDAMS MEMORIAL TOLLWAY (I-90)

Work to upgrade toll plaza scheduled to continue into 2027

DOWNERS GROVE, IL – An overnight ramp closure and detour are scheduled this week at the Illinois Route 59 Interchange on the eastbound Jane Addams Memorial Tollway (I-90) in Hoffman Estates for installation of new tolling equipment and ongoing toll plaza improvements to allow for better traffic flow and operations.

Electronic message signs and construction signage will be put in place in advance to alert drivers to the ramp closure and detour. Up-to-date information will be posted on the Tollway website in the [Daily Construction Alert](#). All work is weather dependent.

On Thursday, October 29, the ramp carrying traffic from eastbound I-90 to Illinois Route 59 is scheduled to close at 9 p.m. to install tolling equipment. A detour will be posted directing traffic to exit at Barrington Road and then travel west on Illinois Route 72 to access Illinois Route 59. The ramp is scheduled to reopen by 5 a.m. on Friday, October 30.

If the work cannot be completed during this time, a backup closure is scheduled for overnight Friday into Saturday, October 31.

The ramp is currently reduced to a single lane at the toll plaza. Additional detours will be needed at this location to complete the work.

-more-

Closures and detours are being coordinated with the Illinois Department of Transportation, Cook County, Village of Hoffman Estates, as well as local fire and police departments.

The Illinois Tollway is making improvements at toll plazas systemwide to improve traffic flow and mobility. The scheduled improvements prioritize structural, safety and operational considerations. This work is part of the Tollway's 16-year, \$15 billion capital program, *Move Illinois: The Illinois Tollway Driving the Future*, and the 7-year, \$2 billion *Bridging the Future* capital plan.

Maps and construction information are available in the Projects section on the Tollway's website at illinoistollway.com.

Work Zone Safety

Construction zone speed limits are in effect in all construction zones 24/7 and drivers should continue to watch for changing traffic patterns and use caution, especially when workers are present.

The Illinois Tollway reminds motorists that the "Move Over Law" requires motorists to change lanes or to slow down and proceed with caution when passing any vehicle on the side of the road with hazard lights activated. If you see flashing lights ahead, please move over or slow down.

Illinois State Police have zero tolerance for drivers speeding in work zones or failure to comply with the Move Over Law. The minimum penalty for speeding in a work zone is \$250 with up to a \$25,000 fine and a 14-year jail sentence for hitting a roadway worker. Penalties for failure to slow down or move over for a vehicle on the shoulder with flashing lights includes up to a \$10,000 fine, 2-year suspension of driving privileges and jail time, in extreme cases.

About Move Illinois

The Illinois Tollway's 16-year, \$15 billion capital program, *Move Illinois: The Illinois Tollway Driving the Future*, is improving mobility, relieving congestion, reducing pollution, creating as many as 165,220 jobs and linking economies throughout the region. The first 14 years of *Move Illinois* delivered the new Illinois Route 390 Tollway and a rebuilt and widened Jane Addams Memorial Tollway (I-90) with its new SmartRoad corridor, as well as opened a new interchange connecting the Tri-State Tollway (I-294) to I-57. Progress continues on projects addressing the remaining needs of the existing Tollway system, delivering the new I-490 Tollway Project and reconstructing the Central Tri-State Tollway (I-294).

About Bridging the Future

Approved by the Illinois Tollway Board of Directors in December 2024, *Bridging the Future* is a seven-year, \$2 billion plan designed to continue infrastructure improvements, bridging the gap between the agency's current and next long-term capital program. Based on stakeholder feedback and engagement, *Bridging the Future* is addressing ongoing modernization initiatives and continuing to support investments in the people and firms working to improve regional mobility.

About the Illinois Tollway

The Illinois Tollway is a user-fee system that receives no state or federal funds for maintenance and operations. The agency maintains and operates 294 miles of roadways in 12 counties in Northern Illinois, including the Reagan Memorial Tollway (I-88), the Veterans Memorial Tollway (I-355), the Jane Addams Memorial Tollway (I-90), the Tri-State Tollway (I-94/I-294/I-80) and the Illinois Route 390 Tollway.
