FOR IMMEDIATE RELEASE
March 26, 2026

LANE REDUCTION SCHEDULED AT NORTHBOUND O'HARE INTERCHANGE ON THE TRI-STATE TOLLWAY (I-294)

Ramp through the toll plaza scheduled to be reduced to a single lane into April for pavement work

DOWNERS GROVE, IL – The ramp connecting the northbound Tri-State Tollway (I-294) to I-190 and River Road is scheduled to be reduced to a single lane beginning the week of March 30 and continuing into April for ongoing plaza improvements at the O'Hare Interchange. Delays are expected.

Electronic message signs and construction signage will be put in place in advance to alert drivers to the lane closures and traffic shifts. Up-to-date information will be posted on the Tollway website in the [Daily Construction Alert](#). All work is weather dependent.

Work at the plaza began in 2025 to remove the existing toll plaza canopies and barrier walls and install new monotube and tolling infrastructure. Construction work also includes ramp pavement and shoulder work, as well as electrical, lighting and signage improvements.

Closures are being coordinated with the Illinois Department of Transportation, Pace Suburban Bus, the City of Des Plaines and the Village of Rosemont, as well as local fire and police departments.

The Illinois Tollway is making improvements at toll plazas systemwide to improve traffic flow and mobility. The scheduled improvements prioritize structural, safety and operational considerations. This work is part of the Tollway's 16-year, \$15 billion capital program, *Move Illinois: The Illinois Tollway Driving the Future*, and the 7-year, \$2 billion Bridging the Future capital plan.

Maps and construction information are available in the Projects section on the Tollway's website at illinoistollway.com.

Work Zone Safety

Construction zone speed limits are in effect in all construction zones 24/7 and drivers should continue to watch for changing traffic patterns and use caution, especially when workers are present.

The Illinois Tollway reminds motorists that the "Move Over Law" requires motorists to change lanes or to slow down and proceed with caution when passing any vehicle on the side of the road with hazard lights activated. If you see flashing lights ahead, please move over or slow down.

Illinois State Police have zero tolerance for drivers speeding in work zones or failure to comply with the Move Over Law. The minimum penalty for speeding in a work zone is \$250 with up to a \$25,000 fine and a 14-year jail sentence for hitting a roadway worker. Penalties for failure to slow down or move over for a vehicle on the shoulder with flashing lights includes up to a \$10,000 fine, 2-year suspension of driving privileges and jail time, in extreme cases.

About Move Illinois

The Illinois Tollway's 16-year, \$15 billion capital program, *Move Illinois: The Illinois Tollway Driving the Future*, is improving mobility, relieving congestion, reducing pollution, creating as many as 165,220 jobs and linking economies throughout the region. The first 14 years of *Move Illinois* delivered the new

-more-

Illinois Route 390 Tollway and a rebuilt and widened Jane Addams Memorial Tollway (I-90) with its new SmartRoad corridor, as well as opened a new interchange connecting the Tri-State Tollway (I-294) to I-57. Progress continues on projects addressing the remaining needs of the existing Tollway system, delivering the new I-490 Tollway Project and reconstructing the Central Tri-State Tollway (I-294).

About Bridging the Future

Approved by the Illinois Tollway Board of Directors in December 2024, Bridging the Future is a seven-year, \$2 billion plan designed to continue infrastructure improvements, bridging the gap between the agency's current and next long-term capital program. Based on stakeholder feedback and engagement, Bridging the Future is addressing ongoing modernization initiatives and continuing to support investments in the people and firms working to improve regional mobility.

About the Illinois Tollway

The Illinois Tollway is a user-fee system that receives no state or federal funds for maintenance and operations. The agency maintains and operates 294 miles of roadways in 12 counties in Northern Illinois, including the Reagan Memorial Tollway (I-88), the Veterans Memorial Tollway (I-355), the Jane Addams Memorial Tollway (I-90), the Tri-State Tollway (I-94/I-294/I-80) and the Illinois Route 390 Tollway.
