

## Roadway and Bridge Repairs

### OVERVIEW

The Illinois Tollway completed roadway and bridge repair work along the Jane Addams Memorial Tollway (I-90) in 2025.

Work included pavement and bridge repairs between Randall Road and Rockton Road on I-90 and local crossroad bridges in Boone, Kane, McHenry and Winnebago Counties, including the Belvidere Road, Harlem Road, Spring Creek Road, Rote Road and Rockton Road Bridges carrying traffic over I-90. Repair work was also completed on the U.S. Route 20 Interchange ramp bridges over I-90

Additional work included noise wall repairs, drainage and fiber optic improvements, earthwork and roadway camera installation.

### PROJECT SUMMARY

In 2025, pavement and bridge repairs on I-90 were completed between Randall Road and Rockton Road on I-90 to extend the life of the roadway and provide a smoother riding surface for the traveling public. Additional repairs were completed on the crossroad bridges over I-90 in this area. Work includes repairing concrete and asphalt pavement and shoulders, as well as structural concrete and joint repairs, deck sealing and drainage system repairs.

Bridge repair work was completed on 23 local crossroad bridges: Randall Road, Tyrell Road, Illinois Route 72, Powers Road, Sandwald Road, Hennig Road, Brier Hill Road, Getty Road, Illinois Route 23, Harmony-Riley Road, Anthony Road, County Line Road, Johnson Road, Genoa Road, Tripp Road, Pearl Street Stone Quarry Road, Irene Road, Rote Road, Spring Creek Road, Harlem Road, Belvidere Road and Rockton Road.

### WORK ZONE SAFETY

The Illinois Tollway is committed to ensuring that the Jane Addams Memorial Tollway (I-90) and local roads remain safe for both drivers and workers during construction, which is part of the agency's overall commitment to roadway safety.

Work zone speed limits are in effect in all construction zones 24/7 and drivers should continue to watch for changing traffic patterns and use caution, especially when workers are present.

The Illinois Tollway reminds motorists that the "Move Over Law" requires motorists to change lanes or to slow down and proceed with caution when passing any vehicle on the side of the road with hazard lights activated. If you see flashing lights ahead, please move over or slow down.

Illinois State Police have zero tolerance for drivers speeding in work zones or failure to comply with the Move Over Law.

The minimum penalty for speeding in a work zone is \$250 and drivers face up to a \$25,000 fine and a 14-year jail sentence for hitting a roadway worker.

Penalties for failure to slow down or move over for a vehicle on the shoulder with flashing lights include up to a \$10,000 fine, 2-year suspension of driving privileges and jail time, in extreme cases.

Visit the Tollway's Work Zone Safety page at [illinoistollway.com](http://illinoistollway.com).

### PURPOSE

Repair work will provide customers an improved driving experience and extend the life of the roadway. This work is part of the Tollway's 16-year, \$15 billion capital program, *Move Illinois: The Illinois Tollway Driving the Future*.

Work was coordinated with the Illinois Department of Transportation, Cook County, Boone County, Kane County, McHenry County, Winnebago County and local communities, as well as local fire and police departments.

### SUSTAINABILITY

The Tollway is committed to building green and minimizing the environmental impact of construction by reducing, recycling and reusing materials. In addition to reducing the cost of this work, reuse of these materials reduces the need for virgin asphalt materials and reduces energy consumption, greenhouse gases and the volume of material that would otherwise be sent to landfills.

### GETTING TOLLWAY CONSTRUCTION INFORMATION

The Illinois Tollway has a variety of ways customers can get the latest travel information, including:
